Brokerage Event on Renewable Energy & Energy Efficiency

10 December 2010—Istanbul, TURKEY

Programme

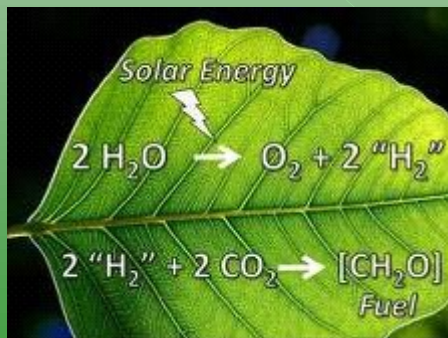

10 December 2010, Friday:

09:30-10:00	Check-in / Registration
10:00-12:30	30-minute-pre-arranged meetings
12:30-14:00	Lunch Break
14:00-18:00	30-minute-pre-arranged meetings

Istanbul Chamber of Industry, one of the partners of Enterprise Europe Network is organising the 1st “Brokerage Event on Renewable Energy and Energy Efficiency” to bring together potential partners to support business co-operation and technology transfer. The event is organized in the framework of RENEX 2010 Renewable Energy (Wind, Sun, Geothermal, Biomass) Technologies, Energy Efficiency and Insulation Exhibition.

Objective

The main objective of this Brokerage Event on Renewable Energy and Energy Efficiency is to provide participants the opportunity to meet companies, public institutions and research organisations and to initiate business and technology co-operation by offering pre-arranged bilateral company meetings.

Topics Covered

- Solar Energy Systems
- Wind Energy Systems
- Geothermal Systems
- Energy Efficiency Systems
- Insulation Systems and Products
- Cogeneration Systems
- Wastewater Treatment and Recycle
- Environmental Technologies
- Waste to Energy

How to Participate

- Register and submit your company profile online at <http://techmatch.aia-istanbul.org/renex2010>.
- Check the catalogue of the profiles
- Select the profiles and request meetings
- After confirmation 30-minute meetings will be scheduled for every participant
- Preliminary individual meeting schedule will be sent to the participants few days before the event.
- 10th December 2010; take your place with enough time to register at the

About RENEX 2010

RENEX is one of the most important international exhibitions in Turkey uniting all renewable energy ranges, energy efficiency, waste, water treatment, environment and fluid control technologies. For detailed information please visit <http://www.hmsf.com/renex/eng/index.asp>
