Brokerage Event on Renewable Energy & Energy Efficiency

21 October 2011 Istanbul
Istanbul Expo Center CNR EXPO Hall 1 A03

Istanbul Chamber of Industry, one of the partners of Enterprise Europe Network is organising the “Brokerage Event on Renewable Energy and Energy Efficiency” to bring together partners to support business co-operation and technology transfer.

The event is organized in the framework of RENEX Renewable Energy (Wind, Sun, Geothermal, Biomass) Technologies, Energy Efficiency and Insulation Exhibition.

Objective

The main objective of the Brokerage Event on Renewable Energy and Energy Efficiency is to provide participants the opportunity to meet companies, public institutions and research organisations and to initiate business and technology co-operation by offering pre-arranged bilateral company meetings.

Why participate?

RENEX is one of the most important international exhibitions in Turkey uniting all renewable energy sectors, energy efficiency, waste, water treatment, environment and fluid control technologies. In 2010 the exhibition covered 197 stands representing 241 company's products on 12.000 m2 exhibition area. 15.426 professional visitors including 955 international visitors used the four days for meeting and networking with the participants.

For detailed information please visit <http://www.hmsf.com/renex/eng/index.asp>.
