National Installation Engineering Congress was organised between 6-9 May 2009 by İzmir Office behalf of Chamber of Mechanical Engineering. TESKON-SODEX Exhibition was held at the same date with the Congress by Hannover Messe Sodex Fuarçılık A.S. TESKON is being held by İzmir Office behalf of Chamber of Mechanical Engineering Since 1993. Teskon is also the first congress of the sector and Hannover Messe Sodex Fuarçılık A.S, the organisator of ISK-SODEX (the world's 3rd biggest exhibition on its subject) leagued together and created Teskon-Sodex. The exhibition was organised with the participation of 86 direct, total 152 exhibitors in an 1600 m2 area. The exhibition which was visited by 6200 visitors, satisfied the expectations of the exhibitors and visitors.

The opening speeches were made by MMO İzmir Office Chairman Mehmet ÖZSAKARYA, Teskon Executive Committee Chairman Prof. Doc. Macit TOKSOY, Hannover Messe Sodeks Fuarçılık A.S General Manager Murat DEMİRTAŞ, Chamber Chairman of the Board Emin KORAMAZ and TMMOB Chairman of the Board Mehmet SOĞANCI. Guest speakers were the authorities of BACADER, DOSİDER, ESSİAD, İSKAV, İSKİD, POMSAD, TTMD, İZTO, EBSO. After the opening speeches all chairmen cut the opening ribbon together.

MMO İzmir Office Chairman Mehmet ÖZSAKARYA ;

Installation Engineering Congress is also an important event for installation sector as well as it is for our Chamber. When the first time we organised installation engineering congress and exhibition in 1993 we knew that we were laying a strong foundation on the subject of our expertise area. The synergy which was brought by the effort and struggle improved itself in every TESKON and reached today.

Hannover-Messe Sodeks Fuarçılık A.S General Manager Murat Demirtaş ;

İzmir was always an important city where heating, refrigeration, ventilation and installation manufacturer and consumer meet. The exhibition has taken a special place for the companies in the sector to display their new products and services, and a platform to share information on the subject of Natural Gas, Heating, Refrigeration, Air Conditioning, Ventilation, Isolation, Pump, Valve, Installation, Water Treatment, Geothermal and Solar Energy. We will do our best to keep this feature of Teskon-Sodex and develop this platform as Hannover-Messe Sodex Fuarçılık A.S.

All of the congress and exhibition activities have been carried out in 9 hall and 1600 m2 area in MMO Tepekule Congress and Exhibition Center. Congress has been supported by 12 foundations, 9 Universities and during the congress in 45 sessions 127 declaration were given.

During the congress total 5 symposiums,11 seminars,15 courses,1 panel and 3 morning meeting took place.152 establishments and agencies which manufacture service and product participated to Teskon-Sodex Exhibition.1367 registered delagates,more than 2800 engineer,architect,technical employee and university,vocational high school students attended the congress.The exhibition was visited by 6.200 visitors.

The exhibitors who had the opportunity to be under the same roof with congress had the chance to see the latest technological and scientific developments
